## 1.0 INTRODUCTION

Hon. Speaker and Hon. Members, during the implementation of the Budget for the FY 2019/20, Government sought additional resources and re-allocations to meet its expenditure requirements. The requests were laid before Parliament in three separate Supplementary Schedules No. 1, 2 and 3 including addenda thereto in accordance with the provisions of Article 156 (2) of the Constitution of the Republic of Uganda , and Section 25 of the Public Finance Management Act, 2015 (As Amended). The two schedules 2 and 3 and their respective addenda were considered by the Budget Committee and subsequently approved (with amendments) by Parliament.

It should be noted that on Tuesday 27<sup>th</sup> April, 2021 the Minister of Finance, Planning and Economic Development laid on table the Supplementary Appropriation (No. 3) Bill, 2021 for First reading.

Further, the Committee noted that the Bill was not considered by the House as per Article 156(3) of the Constitution of the Republic of Uganda. The Bill was accordingly reintroduced and read for the first time on the 29<sup>th</sup> September, 2021 and referred to the Budget Committee for scrutiny.

The Committee undertook a verification assessment to ascertain consistency and accuracy of the Supplementary Appropriation Bill estimates against resolutions by Parliament; and hereunder presents its findings.

## 1.2 OBJECT OF THE BILL

The object of the Bill is to provide for supplementary appropriation out of the Consolidated Fund in accordance with article 156 (3) of the Constitution and section 25 of the Public Finance Management Act 2015, a sum of **a sum of two trillion, one hundred forty-three billion, two hundred seven million, eight hundred twelve thousand, one hundred ninety five shillings only to meet additional expenditure for the Financial Year 2019/2020.**

## 2.0 BACKGROUND

During the implementation of the Budget for the FY 2019/20, Government sought additional resources to meet its expenditure requirements, as follows;

1. On 3<sup>rd</sup> December 2019, Government laid before Parliament supplementary expenditure estimates under Schedule No.1 amounting **UGX 437.631 billion** reflecting 1.08 % of the approved budget of **UGX 40,488 billion** for the FY 2019/2020;
2. On 3<sup>rd</sup> March 2020, Government laid before Parliament supplementary expenditure estimates under Schedule No.2 amounting **UGX 662.337 billion** reflecting **1.64 %** of the approved budget. On 19<sup>th</sup> March 2020, addendum 1 to Supplementary Schedule 2 amounting to **UGX 749.820 billion of which UGX 638.879 billion** needed prior Parliament approval and **UGX 9.887 billion** was Statutory Vote 101: The Judiciary;
3. On 31<sup>st</sup> March 2020 Government laid before Parliament Addendum 2 to Schedule 2 amounting to **UGX 284 billion** to cater for interventions in combating the COVID 19 Pandemic. Furthermore, on 31<sup>st</sup> March 2020 addendum 2A to Schedule 2 for the FY 2019/20 of **UGX 2.408 billion** was also laid to cater for street children under Ministry of Gender, Labour and Social Development (MoGLSD);
4. **UGX 932.765 billion comprising of Addendum 1 UGX 648.765 billion and Addendum 2 UGX 284 billion** was approved by Parliament under Supplementary Schedule 2 addenda 1&2 through a resolution dated 7<sup>th</sup> April 2020;
5. On 2<sup>nd</sup> April 2020, the Hon. Minister of Finance, Planning and Economic Development laid before the House Supplementary Expenditure estimates under addendum 3 to Schedule No.2 for FY2019/20 amounting to **UGX 16.576**.

7. ### 3.0 METHODOLOGY

The Committee held consultative discussions with the Minister of Finance, Planning and Economic Development and the Attorney General; and examined the Supplementary Appropriation (No. 3) Bill, 2021 against;

- (a) Resolutions of Parliament on the Supplementary Expenditure Schedules No. 2 and No.3 for the FY2019/20 (inclusive of Addenda);
- (b) the Hansards of 7th April 2020, 25<sup>th</sup> June 2020 and 26<sup>th</sup> June 2020 and
- (c) the Budget Committee Reports that were presented to the House on the Supplementary Expenditure Schedules No.2 & No. 3 for the FY2019/20;

### 4.0 OBSERVATIONS

#### 4.1 VARIATION BETWEEN THE SUPPLEMENTARY APPROPRIATION BILL AND THE PARLIAMENTARY RESOLUTIONS.

The overall assessment indicates a variation of **UGX 89, 437, 929** between the Bill and the Resolutions of Parliament on supplementary expenditure FY 2019/2020. The total expenditure estimates in the Bill is **UGX 2,143.208bn**, inclusive of both Recurrent - **UGX 917.461bn** and Development Expenditure - **UGX 1,225.747bn**.

However, the total expenditure estimates as per Resolutions of Parliament is **UGX 2,053.770bn**, inclusive of both Recurrent - **UGX 1,355.013bn** and Development Expenditure - **UGX 698.757bn**.

Tables 1 and 2 in Annex 2 highlight an assessment between the Resolutions of Parliament and the Estimates indicated in the Bill, inclusive of reasons for the variations in the two. The Votes not captured in the tables below do not have any variations between the Bill and the Resolutions of Parliament and they were not captured in the Annex 2.

#### 4.2 GENERAL ASSESSMENT FINDINGS

- a) In considering the Schedules, the Budget Committee then deferred consideration of schedule No.2 but resolved to process addenda 1&2 to Schedule No.2. Further note that Schedule No.1 was not considered by the Budget Committee, and thereby creating a discrepancy between the figures in the Bill and the Resolutions.

- b) Funds under Supplementary Schedule No.3 were approved by Parliament on 26<sup>th</sup> June 2020 but these were however, not captured in the Bill, thereby creating a discrepancy between the figures in the Bill and the Resolutions. The discrepancy was however explained by the Minister to the fact that not all the sums that were approved by Parliament, were released by Finance due to the cut off effect – being towards end of the financial year.
- c) The Bill erroneously captures in the narration FY2018/19 instead of FY2019/20 that estimates relate to.
- d) Vote 791 Ibanda Municipal Council was erroneously captured as Njeru Municipal Council in the Bill under Recurrent expenditure.
- e) Vote 595 Ntoroko District was erroneously captured as Namayingo District in the Bill under Recurrent expenditure.
- f) Funds under development expenditure were captured as recurrent expenditure especially under the various Missions Abroad and Vote 018: Ministry of Gender, Labour and Social Development (MoGLSD). This was due to presentation of the sums in the supplementary schedules erroneously and Parliamentary Resolutions reflected them as such, but according to the Minister, the net effect is zero.
- g) Some funds that were approved by parliament under Supplementary Schedule No.2 addendum 3 were not captured in the Bill. For example Vote 110 UIRI funds under development expenditure.

It should, however, be noted that during Committee interaction with the Minister, the Committee was informed that funds approved by Parliament but not captured in the Bill represent those funds that were not released to the MDAs due to the closure of the financial year.

It was also noted that Statutory Votes such as Parliamentary Commission were reflected under recurrent estimates, yet the Legislature has a direct charge on the Consolidated Fund. This is included in the proposed amendments below.

It should equally be noted that funds captured in the Bill include the 3% legal limit authorized by the Minister but not processed by Parliament through a Resolution.

A collection of handwritten signatures and initials in black ink, located at the bottom of the page. The signatures are of various styles, some appearing to be initials like 'AK' and others being more elaborate cursive signatures. They are scattered across the bottom of the page, below the main text.

## 5.0 Conclusion

We noted inconsistencies in the approvals made by Parliament as per the Resolutions against the estimates provided in the Supplementary Appropriations (No.3) Bill, 2021. These are explained by the 3% legal limit authorized under section 25 of the Public Finance Management Act, as amended.

**The Committee therefore recommends that the Bill be passed into law with proposed amendments.**

## ANNEX 1: PROPOSED AMENDMENTS

1. Delete "**Statutory Votes recurrent estimates (Vote 101 – Judiciary & Vote 104 – Parliamentary Commission)**" wherever they appear in the Bill.

### Justification

Statutory Votes have a direct charge on the Consolidated Fund

## 2. SCHEDULE

- a) Replace the Financial Year "**2018/2019**" with "**2019/2020**", wherever it appears in the Bill.
- b) Under Recurrent expenditure; Vote 595, replace "Namayingo District" with "Ntoroko District"
- c) Under Recurrent expenditure Vote 791, replace the words "Njeru Municipal Council" with the words "Ibanda Municipal Council".

- b) Vote 791 belongs to Ibanda Municipal Council and not Njeru Municipal Council
- c) Vote 595, belongs to Ntoroko District and not Namayingo District"

2. Amend the long tittle of the Bill to read as follows:

*".....a sum of **Two trillion, one hundred twenty three billion, three hundred twenty one million, one hundred seven thousand one hundred ninety five shillings only** to meet additional expenditure for the Financial Year 2019/2020"*

### Justification

## A MINORITY REPORT ON SUPPLEMENTARY APPROPRIATION (NO. 3) BILL, 2021

*[Handwritten signature]*  
*[Handwritten signature]*

MARCH 2022

## 1.0 INTRODUCTION

The Supplementary Appropriation (No.3) Bill, 2021 was laid on 29<sup>th</sup> September 2021 and subsequently referred to the Committee on Budget for scrutiny.

Pursuant to Rule 205 of the Rules of Procedure of the Parliament of Uganda, we hereby present a dissenting opinion from the opinion of majority of the Committee.

While the majority report recommends approval of the schedule of the Bill with selective amendments, this minority report recommend comprehensive amendments. This is premised on the fact that the Rules of Procedure set no limit regarding the number of amendments that can be made in a Bill.

## 2.0 AREA OF DISSENT

We dissented with the majority report based on noncompliance and inconsistency of the Bill with the Constitution, Public Finance Management Act and Public Finance Management Regulations.

Areas of dissent include the following:

- a) Alignment of the Bill to Budget Releases
- b) Minister's Approval of Supplementary Budgets is not equivalent to Appropriation
- c) Inconsistencies in the Majority Report

## 3.0 DISSENTING OBSERVATIONS

### 3.1 Alignment of the Bill to Budget Releases

Based on the proposed amendments in the majority report, it is deduced that it concurred with the submission of the Minister for Finance that the estimates in the Bill are consistent with budget releases for FY2019/20. This is unconstitutional and illegal for it contravenes Article 156(3) of the Constitution that commands that a Supplementary Appropriation Bill should only contain **SUMS SO APPROVED** by Parliament **NOT BUDGET RELEASES**.

Article 156(2) and (3) of the Constitution states that,

*"(2) If in respect of any financial year it is found—*

*(a) that the amount appropriated for any purpose under the Appropriation Act is insufficient or that a need has arisen for expenditure for a purpose for which no amount has been appropriated by that Act; or*

**Parliament adopts the proposed amendments made in this minority report.**

### **3.2 Minister's Approval of supplementary Budgets is not equivalent to Appropriation**

The majority report errors in its assertion in the conclusion that Minister's approval or authorization of supplementary expenditures that are within 3% of the approved total budget is sufficient without Parliament's approval. This usurps the appropriation powers of Parliament and violates Regulation 18 of the Public Finance Management Regulations (as amended).

Regulation 18 of the Public Finance Management Regulations (as amended) states that,

#### **"Supplementary expenditure**

(1) Where in respect of any financial year—

(a) the amount appropriated by the Appropriation Act is insufficient, or a need for expenditure for a purpose for which no amount is appropriated by the Appropriation Act arises; or

(b) money is expended for any purpose in excess of the amount appropriated for that purpose or for a purpose for which no amount was appropriated by the Appropriation Act, **a supplementary estimate, showing the amount required or spent, as the case may be, shall be laid before Parliament**, and in the case of excess expenditure, within four months after the money is spent.

(2) An Accounting officer who intends to spend monies in accordance with subregulation (1) (b) shall, in writing, request the Minister for approval.

(3) The Minister may, upon request by an Accounting Officer in subregulation (2), approve a supplementary budget of up to 3 per cent of the total approved budget for the financial year.

(4) **Where a supplementary estimate is approved by Parliament** in accordance with subregulation (1), a Supplementary Appropriation Bill shall be introduced in Parliament in the financial year next following that financial year to which the estimates relate, providing for the appropriation of **the sums so approved**, for the purposes specified in those estimates.

(5) Parliament may approve a supplementary appropriation or the Minister may approve a supplementary budget, as the case may be, **where the supplementary expenditure is unavoidable or unforeseeable.**

Handwritten signatures and initials at the bottom right of the page. One signature appears to be 'M. M. M.' and another is a large, stylized signature.

(6) For the purposes of this regulation—

(a) "unavoidable" means an expenditure that cannot be postponed to the next financial year; or

(b) "unforeseeable" does not include an expenditure that was foreseeable by the vote at the time of preparation of the budget of the vote or an expenditure that should have been included in the budget of the vote.

**(7) Any expenditure which is in excess of the appropriated budget of a vote and which is not in accordance with this section shall be treated as loss of public funds as provided for under section 79 (1) of the Act.**

Based on the provision above, it should be noted that while Regulation 18 empowers the Minister responsible for Finance to approve a supplementary budget of up to 3% of the approved total budget, it reserves appropriation powers for Parliament.

It is on this basis that the approvals of the Minister have to be scrutinized by Parliament which may endorse or reject them based on whether they were unavoidable or unforeseeable. It is only the estimates that are found to be unavoidable or unforeseeable that are included into Supplementary Appropriation Bill. Article 156(3) of the Constitution demands that the estimates included in the Bill should be as SO APPROVED BY PARLIAMENT. To the contrary, the conclusion and proposed amendments in the majority report are recommending approval of estimates that were never approved by Parliament. This is unconstitutional and illegal.

### **Recommendation**

**The Bill should be amended to contain only supplementary expenditure estimates SO APPROVED by Parliament as indicated in its resolutions. This will ensure compliance with Article 156(3) of the Constitution.**

**Parliament adopts the proposed amendments made in this minority report.**

**In line with Article 164(2) of the Constitution and Regulation 18 of the Public Finance Management Regulations, the political or public officer that directed or concurred to expenditure of supplementary estimates that were not approved by Parliament should make good the loss of public funds.**

### **3.3 Inconsistencies in the Majority Report**

While the findings in the majority report acknowledges numerous inconsistencies in the Bill, its conclusions and proposed amendments are a contradiction. For instance, the report noted that there are estimates that were never approved by

Parliament while others were inconsistent with what was approved. Unfortunately, majority of these were recommended for passing in the Bill. Hence the recommendations for passing of the Bill with deviations from parliamentary approvals violates Article 156(3) of the Constitution. This is unconstitutional and illegal.

### **Recommendation**

***The Bill should be amended to contain only supplementary expenditure estimates SO APPROVED by Parliament as indicated in its resolutions. This will ensure compliance with Article 156(3) of the Constitution.***

### **4.0 CONCLUSION**

Rt. Hon. Speaker and Members, we implore you to support the Minority report.

WE BEG TO SUBMIT.
